

Pathway Home of the Finger Lakes

2020-21 Annual Report

Continuing to Serve

The 2020-21 fiscal year showed how strong the community's support is for Pathway and the services we provide.

While many comfort care homes closed due to the pandemic, we remained open and serving people who needed the services we provide. Since opening in 2017 we have provided care to more than 80 people.

Our staff and volunteers remain critical to our operations. We owe a special debt of gratitude to Carol LaBour, our residence manager, for her flexibility and dedication to the residents we serve.

Despite being unable to stage fund raising events due to the pandemic, our financial position improved during the year.

The progress was due in part to expenditure reductions but primarily because of community support. Our annual appeal was the most successful ever. Strong income from memorials and a successful drive-through butterfly event also bolstered our finances. We also received several grants.
